Forecast For The United Kingdom
Issued by Met Office Exeter
at 0400 on Friday 23 Jul 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Dry and warm, but not as hot for most.

Today:
Low cloud mostly clearing to leave another very warm or hot day with sunny spells, though temperatures a little for most than earlier this week. Isolated thundery showers may develop in the west. Windy across the southwest later.

Tonight:
Heavy rain and thunderstorms spreading north across southwest England into south Wales and the Midlands by morning. Mainly dry elsewhere, but rather cloudy in northeast.

Saturday:
Dry, sunny and very warm in the north, but cooler near North Sea coasts. Heavy showers and thunderstorms in the south.

Outlook for Sunday to Tuesday:
Heavy showers in the south Sunday, mainly dry elsewhere. Further heavy showers Monday, mainly in the east, and in the south Tuesday. Rain at times in the far north.
